Dated: 18-09-2012

Read the following: -

1. G.O.Ms.No.15 IT & C Department, dated 5-05-2012.

\*\*\*

**ORDER:**

With an objective of creating an environment of transparent and accountable good Governance, the Government of India is implementing National e-Governance Plan (NeGP) to provide impetus for the long term growth of e-Governance within the country, with a vision to make government services available/accessible to meet the needs of common man in his locality through common services delivery outlets in a cost effective, transparent and reliable manner. This envisages creation of core IT infrastructure in the form of State Wide Area Networks (SWAN), State Data Centres (SDC) and Common Service Centres (CSC) across the country which will be used for delivery of public services to the citizens.

2. NeGP includes implementation of 27 Mission Mode Projects across various Central Ministries/ Departments and State Governments which will help, improve electronic delivery of public services. E-Forms through State Portal and State Service Delivery Gate Way is one of the Mission Mode Project.

3. As per the Deity guidelines every State should own its own website and host information such as the State Profile, Information & links to current Government officials, organizations and Institutions run by the government, Services provided by the government and contact information of officials from all the Government departments.

4. AP Portal ([www.portal.ap.gov.in](http://www.portal.ap.gov.in)) has been developed as per the guide lines of the Deity and deployed in the server located at Data Center, AP Secretariat. For security reasons, in December 2011 the State Portal has been migrated to AP State Data Center, for better and optimum utilization of the centralized infrastructure created at AP State Data Center.

5. Since, AP State Portal [www.portal.ap.gov.in](http://www.portal.ap.gov.in) contains all the information about the Government like Governor, Chief Minister, Council of Ministers, Secretariat Departments, HODs, links to the Department/Organization websites, contact information of officials from all the Government departments etc., and act as front end interface to State level e-Governance and services through Service Delivery Gate Way (SSDG) Mission Mode Project and Meeseva Project, notified as the Official website of Government of Andhra Pradesh.
